PUSHED

Back French Lines West of Verdun and Germans Then Desist

BUT CROWN PRINCE IS BUSY

Attempting to Take Position Frequently Lost

PARIS REPORTS FAILURE

Of These Attacks—Germans Attempt Another Aeroplane Raid On Saloniki But Are Repelled By French Airmen—Allies' War Council Characterized By Complete Unity.

After having pushed back the French lines along the westerly bend of the Salient in the Malancourt region northwest of Verdun, the Germans have desisted for the present from further efforts to advance there.

Further to the west, however, the crown prince's infantry has again been counter attacking in the Avocourt wood, several assaults having been launched in efforts to take the position recently lost to the French.

Paris declares, however, that the attempts were fruitless.

German aeroplanes have attempted another raid on Saloniki, according to a Paris dispatch, but French airmen repelled them.

Workers in the British munitions shops in the Clyde district who have struck have been called upon by their trade organizations to return to work, their strike being declared unconstitutional and in contravention of the munitions act.

The recent war council of the entente powers was characterized by complete unity of purpose and all the conferences, without exception, were satisfied with the decisions reached, says Premier Salandra of Italy, in an interview given by a Paris newspaper representative.

Destruction of merchantmen by German submarines in the new undersea campaign is continuing. Today the sinking of the British steamer Diadem of 3752 tons is reported.

TOLEDO STRIKE MAY BE ENDED BY ARBITRATION

(Associated Press Telegram)
Toledo, March 30.—Some sort of a temporary adjustment of differences between locked out street car employees and officials of the Toledo Railways & Light Company was hoped to be effected this afternoon when Henry L. Doherty, head of the interests controlling the local traction company, who reached here from New York at noon, and union officials meet in council chambers. Besides their present demand that they be permitted to wear their union emblem while working, demands will be presented to Doherty by the car men it is understood, involving a new wage scale and shorter working hours.

Toledoans again walked to their work today. No attempt to restore car service has been made and none will be made, company officials say, until the meeting this afternoon is concluded.

Union officials have notified President Frank Coates, of the traction company, that in the event of an attempt to operate cars with non-union men, all union employees of the power and other departments will quit, leaving the city without electricity for lighting or heating purposes.

Pickets have been stationed at each car barn to report any attempt to put out cars. Even the most conservative unionists predict serious trouble if an attempt to operate cars under existing conditions is made. President Coates declares that it is not the intention of the company to attempt to operate cars with strikebreakers.

Itney buses from Findlay, Tiffin, Findlay and other nearby towns were flocking here today, expecting to reap a rich harvest from the lack of transportation facilities.

Mayor Charles M. Milroy will meet with the traction magnate and union officials in an endeavor to bring about a settlement.

The car men are firm in their stand. If an attempt is made to operate cars with non-union men, a general strike of all organized departments of the Toledo Railways and Light company would be called, it is declared.

This would deprive the city of heat, light and power.

RIVERS IN BANKS.
(Associated Press Telegram)
Zanesville, March 30.—Both the Muskingum and Licking rivers are in their banks and all flood danger has passed.

ONLY 8,000 OUT OF 30,000 SERBIANS REACHED SALONIKI.

(Associated Press Telegram)
Berne, via Paris, March 29, 11 p. m.—Of 30,000 Serbian refugees who following the invasion of their country by the Teutonic allies headed southward, only 8,000 succeeded in reaching Saloniki, the others having perished of cold and hunger on the way, according to a report just received from Mlle. Comte of Geneva, representative at Saloniki of the Swiss Red Cross.

VILLA

BELIEVED TO AGAIN HAVE SLIPPED THROUGH TRAP LAID.

General Funston Has Been Enjoined to Strict Scrutiny as to Supply Shipments.

(Associated Press Telegram)
El Paso, March 30.—Military men made no secret of their belief today that Francisco Villa had slipped through the cordon of American troops and Carranza forces pursuing him in Mexico.

The latest information was that the bandit leader was moving through the Santa Maria valley. Once among his peon friends, who probably would give American troops misleading information regarding his whereabouts, Villa might escape detection for a long time, it was pointed out. Roving bands of Villa men are reported everywhere in the region of Santa Maria valley, but apparently the American flying columns have not come into contact with them.

Mexican officials said today they had no news as to the whereabouts of Villa but that the troops of the de facto government are aiding the American soldiers in the attempt to capture him.

Ranchers from the Chihuahua district said that when it became known that there was a price upon Villa's head, dead or alive, the bandit would be in constant danger of betrayal. Whether the American troops have made it known that there is a reward for Villa has not been learned here among the peon population.

Brigadier General Bell, commandant at Fort Bliss, awaited official orders today to ship supplies to the army over the Mexican Northwestern railroad. Gasoline, forage, canned goods and flour will go forward as soon as the orders are received.

Meanwhile Major Elliott, department quartermaster, is moving supplies in great quantities to Columbus, N. M., where they are carried in motor truck trains over the Mexican route to the army base below Casas Grandes.

A report that Villa on Tuesday had raided Santa Tomas, south of Namiquipa, became current here today but was not confirmed. Neither General Gavira, commander of the Juarez garrison, nor Mexican Consul Garcia had received any advices from Mexico and officers of the Mexico Northwestern railroad said they had no information regarding the reported raid, which was not credited.

VILLA SUPPLIES SUSPECTED FROM UNITED STATES.

(Associated Press Telegram)
Washington, March 30.—Department of Justice agents, following a trail that is said to lead to American sources of supply for Villa have uncovered evidence in New York and other cities which they believe when fully developed will justify the charge.

The allegation often made that Villa has received aid from German sources also is being investigated, but indication has been given as to whether any evidence has been found.

The department is disinclined to act on its evidence that American money and supplies have gone to Villa while it is in the stage that will involve only subordinates. It intends to pursue the trail, if possible, to the men higher up.

Advices in the nature and extent of the revolutionary movement said to be led by Felix Diaz in Southern Mexico continue to conflict as to facts.

Diplomatic dispatches today from European legations in the Mexican capital said the movement, led by Diaz himself was assuming formidable proportions and was distinctly anti-American. On the other hand, government investigators have reported they had good reason to believe Felix Diaz is not in Mexico at all but hiding in the United States, probably in New Orleans.

Immediate orders for eight aeroplanes to be sent at once to Brigadier General Pershing was authorized today by the war department.

A special board of signal corps officers has been ordered here to inspect and test the machines.

Reports from Major General Funston lay stress upon the need for more flyers with the advance columns in Mexico. Of the eight machines which have been destroyed and four others have been temporarily disabled leaving only two in the service.

More horses are also to be sent General Pershing, several hundred are being bought in California and estimate for 2,000 more has been made. (Continued on Page 9, Col. 5.)

MANY KILLED, SCORES INJURED, WHEN TRAINS CRASH ON LAKE SHORE ROAD

"Signals Failed to Work, That's All to It," Says Towerman Who Indignantly Denies That He Slept and Caused Terrible Wreck

(Associated Press Telegram)
Cleveland, March 30.—Of the dead who had been unidentified last night most of them remained unidentified today. Additional identifications this morning were:

Harry White, Pullman porter, 3240 Wabash avenue, Chicago.

J. C. Boyle, Hillville, Pa.

Dr. J. M. Grau, Jerry City, O.

Fred Wean, address unknown.

Austin Gilbin, Sr., Cleveland.

With the elimination of the name of J. H. Hearn there remained today five bodies of men and four of women awaiting identification.

A list of "probably dead" among the unidentified was given out today as follows:

Osman, and — Osman, Detroit, brothers of Olie Osman, Cleveland, who were enroute with him from Detroit to Cleveland.

Olie Osman is among the injured at Ellyria, and no trace has been found of his brothers.

C. Mehaffie, Trafford, Pa., who was on the train and who has not been since heard of.

C. Hawkins, Beaver Falls, Pa., who attended the American Bowling Congress at Toledo, who was on the train and who has not since been heard of.

Walter Schuttler, whose last address apparently was Vanderbilt Hotel, New York, who was on the train and who has not since been heard of.

New York Central officials will not conduct a separate formal investigation of the Amherst wreck. A. S. Ingalls, general superintendent of the road announced today. The road will abide by the rulings of the

federal and state bodies which are investigating the wreck, Mr. Ingalls said.

"We will give the state and federal government every assistance in our power," he added, "in arriving at the exact truth about this disaster. We believe we can best serve all interests in this manner and we shall leave nothing undone on our part to bring out everything that is possible to be found." Earlier in the day, railroad officials continued an investigation begun informally yesterday. The decision to abandon the formal railroad inquiry came after Superintendent Ingalls had conferred with state and federal officials this morning.

Attention today was focused upon the several investigations that were put underway by federal, state and railway authorities to determine responsibility for the collision. Representatives of the interstate commerce commission, the utilities commission of Ohio and various department heads of the New York Central were conducting investigations in Cleveland and at other points in the vicinity of the wreck.

Coroner Charles Garver of Lorain county planned an inquest at Ellyria into the death of the wreck victims and the causes leading thereto. The question of whether the so-called "death coach" on train No. Second 86 was of modern steel construction claimed by New York Central officials or was made of wood construction promised to be an important feature of the investigation.

Railroad officials today were still divided in opinion as to whether the blame should be placed upon the towerman who it is alleged by some officials was asleep and failed to give the proper signal or upon the

engineer who they say it may be shown either failed to see the signal or exceeded his orders.

Of the more than forty persons injured in the wreck several were said to be in a precarious condition early today and further fatalities were feared. Railroad officials said that only twenty-seven bodies have been recovered and that they regard it as impossible that more bodies are in the ruins.

Unofficial, but what was regarded as reliable reports, late yesterday placed the number of dead at thirty. It is believed the actual number of dead may be a matter of uncertainty for some hours at least.

The two men at whom most of the questions were to be directed at today's investigation, to be held in the offices of Division Superintendent W. P. Schaaf, were engineer Herman Hess of the second section of train 86 and Towerman A. R. Ernst of Amherst.

Engineer D. W. Leonard, of the first section of train 86 which pulled the "death car" asserts he stopped his train on a signal originating in Ernst's tower. Engineer Hess declares he saw no signal when he brought his section booming along at a fifty-mile an hour speed about three minutes later.

Ernst asserts he set no stop signal declaring the line was open for Engineer Leonard to go ahead. If Ernst is held in connection with the investigation the blame will trace back to a baby's tumbler in the Ernst home in Ellyria.

The baby was born Sunday night. Since that time Ernst has had little sleep, railroad officials say.

Ernst, the towerman, stoutly denied today that the wreck had been caused because he was a sleep at his

BABE BORN IN WRECK; ANOTHER MAY HAVE CAUSED FATAL SLEEP.

Two babies in future years, perhaps, will learn of the parts they played in the Amherst disaster. One is the child born to the wife of Towerman Albert Ernst several days ago, which is the subject of railway officials' investigation of the towerman's possible fatigue during his hours of duty.

The other is said to have been born to Mrs. Harry Maitson, of Indianapolis, one of the passengers, who escaped unharm. Persistent reports of the baby's arrival in the midst of disaster came from members of rescue parties.

DESTROYER

Aiding in Rescuing Survivors of Sussex, Fired Upon by Submarine

AMBASSADOR PAGE REPORTED

Government Aims to Get Conclusive Proof

AND WILL ACT PROMPTLY

If Convinced That German Submarines Have Been responsible for Disasters to Armed Merchantmen Carrying American Passengers—Commanders May Have Secret Orders,

(Associated Press Telegram)
Washington, March 30.—For the information of the state department American Ambassador Page at London today forwarded a report that the British destroyer which aided in rescuing survivors of the Sussex had been fired upon twice by a submarine. Ambassador Page said that his information was not official but appeared to be authentic.

(Associated Press Telegram)
Washington, March 30.—The United States government was using every means at its command today to secure conclusive proof regarding the disasters which have overtaken the Sussex and other armed merchantships, all carrying American citizens.

All circumstantial evidence indicates that these ships were torpedoed without warning and that German submarines have begun an underwater campaign in violation of Germany's recent assurances to the United States.

Some officials credit the suggestion that German submarine commanders are acting under secret instructions such as were advocated by Admiral von Tirpitz to torpedo every vessel approaching the British Isles.

The United States it is stated authoritatively has determined upon the next step. Unless Germany makes some statement to reply to inquiries made by this country, to cause the state department to change its present intentions all recent aggravating incidents will be combined into one general indictment, which will make the issue clear cut. Should Germany disclaim responsibility for the disasters, the United States will continue investigations. If conclusive proof that the ships were torpedoed without warning is secured, the United States probably would act promptly.

FLOOD DANGER NOW CONFINED TO OHIO RIVER

(Associated Press Telegram)
Cincinnati, March 30.—The river here is only 1.3 feet from the danger mark of 50 feet which it is expected to pass late today. At 7 o'clock the Ohio stood at 48.7 and rising a tenth of a foot an hour.

The stage of the Ohio river at Point Pleasant, W. Va., at 7 a. m. today was 42.3 according to the weather bureau here.

AT HUNTINGTON.
(Associated Press Telegram)
Huntington, W. Va., March 30.—The Ohio river with a stage of 46 feet here, was rising about an inch an hour this morning. Livermen believed that the crest of the rise would fall two or three feet short of the danger line, 51 feet. All tributary streams in this vicinity have been falling for 24 hours.

AT PORTSMOUTH.
(Associated Press Telegram)
Portsmouth, March 30.—Flood conditions here were not so encouraging this morning with the river at 51.2 feet, a foot and a half above the danger mark, and rising 2 1-2 inches an hour. In the lower section of the city not protected by the flood wall, homes were rapidly being abandoned.

FLOOD DANGER

AT ROCHESTER.
(Associated Press Telegram)
Rochester, N. Y., March 30.—Rochester was confronted with serious flood conditions when at noon today the Genesee river exceeded the 1913 records for high water. The retaining wall recently built by the city has so far prevented serious damage.

BOARDS MAY ELECT SUPERINTENDENTS AT TIME THEY CHOOSE.

(Associated Press Telegram)
Columbus, March 30.—County boards of education may elect superintendents any time, according to a statement today of Frank B. Pearson, state superintendent of public instruction. He said he had received many inquiries of persons who thought superintendents could be chosen only after May 1. This rule applies only to city schools, he said.

400,000 Railroad Men Will Present Demands Today for Fewer Hours at Present Pay

(Associated Press Telegram)
New York, March 30.—The demands of nearly 400,000 locomotive engineers, firemen and trainmen will be presented to the general managers of several railroad companies, involved at their headquarters in different parts of the country today.

The employees who belong to the so-called big four unions, ask for an eight-hour day without reduction in pay and time and a half for overtime. The railroads have until April 29 to prepare their reply.

It is understood the railroads already have made ready a tentative answer which amounts to a conditional refusal that leaves the way open for further negotiations. The demands of the men went to the Wheeling and Lake Erie railroad yesterday and the eight-hour day proposal was refused.

Eastern railroad managers replied

today to the demands of their employees for an eight-hour day and higher rates for overtime work by submitting propositions of their own for discussion.

The demand of the employees are not refused, neither is a demand made by the railroad managers for the acceptance of their own proposals.

These are submitted for consideration in the negotiations that are expected to follow.

"What the railroads ask for is an open door," their reply states.

The reply was sent today to the officials of the four brotherhoods immediately after the receipts of the employees' demands.

The railroad managers demand that there shall be open for discussion those provisions in present schedules of compromise which are (Continued on Page 2, Col. 3.)

Mine Explosion Entombs Nine; Fans Put Out of Commission; Rescuers Work With Difficulty

(Associated Press Telegram)
Johnstown, Pa., March 30.—Nine miners are reported to have been entombed today by an explosion in the mine of the Conemaugh Smokeless Coal company at Seward, eight miles from here. Rescue crews, it was said, were endeavoring to reach the section of the workings where the explosion occurred.

The fans, which had been put out of commission by the explosion, were repaired and started soon after noon when another rescue party entered the workings. It was believed that unless they had been killed outright by the explosion the men were still alive as they had Superintendent Waddell, trained miner, to lead them.

Working carefully, the rescuers penetrated the mine for a distance of 2,000 feet, but because of the

smoke and gas were unable to locate the men, among whom was Superintendent John Waddell.

The mine has not been operating to capacity which accounts for the small number of miners at work when the explosion occurred.

BUREAU OF MINES SENDS EXPERTS TO SUPERINTEND RESCUE.

(Associated Press Telegram)

Pittsburgh, March 30.—The Pittsburgh station of the bureau of mines, when informed of the explosion at Seward sent four men here to take charge of the rescue work and ordered rescue car No. 6 new in Cambria county, to hurry to the mine. The Cambria Steel company notified Lauson Stone, in charge of the station here, that it had sent one of its best rescue crews and ten oxygen helmets to Seward.

Kidney Medicine Dissolves Gravel Stones

Dr. Kilmer's Swamp-Root sells well with us because it invariably produces good results in Kidney, Liver and Bladder troubles. We sold a dollar bottle to one of the inmates of our Soldiers' Home near here, and after using it he brought in about one dozen gravel stones some as large as a pea, which he had passed. He states that he obtained wonderful relief from the use of Swamp-Root.

ERNEST A. BROWN.
Lafayette, Ind.
Personally appeared before me this 28th of July, 1909, Ernest A. Brown, of the Brown Drug Co., who subscribed the above statement and made oath that the same is true in substance and in fact.

Dated Bryan, Notary Public.

Letter to Dr. Kilmer, Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Newark Advocate. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a hot throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2½ ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Four the 2½ ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of \$2. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendorous remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualalol, which is so healing to the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction is given with this preparation or money refunded. The Pinex Co., Dr. Kilmer, Ind.

The HOME Building Association Co. NEWARK, OHIO.

It Pays to Investigate

Before making a real estate loan which may run over quite a period or years, it pays to investigate thoroughly the terms of the loan and the reputation for fair dealing of the concern from which the loan is to be made.

The Home Building Association Company of Newark has been serving the people of this county for thirty-five years, and has thousands of satisfied patrons.

Our record is not one merely of fair dealing, but of helpful service both to depositors and to borrowers.

Our loan contract is free from any confusing technicalities, and our treatment of borrowers is considerate and as liberal as safety will permit.

If you want to borrow on real estate, call and see us, and your application will have prompt consideration.

4% Old Home

MACHINERY FOR LIGHT PLANT IS BOUGHT BY CITY

Contract was let last night by the board of control, consisting of Mayor Higbee, Safety Director Bigbee and Service Director Christian, for the installation of boilers, turbine generator and service condenser at the water works station, as a part of the plan of the service department to combine the two plants. The contract awarded last night totaled approximately \$26,000.

Following the award, the statement was made by some of the bidders that the low bidder did not get the contract and that the firm which did secure the award was bidding on inferior machines.

Service Director Christian made a statement this morning denying the charge and exhibited the tabulation of the figures to show that everything was regular.

According to the statement made to the Advocate the bids on the steam turbo-alternator unit were as follows:

Kerr Turbine Co., Wellsville, N. Y., \$9,747
Allis-Chalmers Mfg. Co., Milwaukee, Wis., 11,250
Central Electric, Schenectady, N. Y., 10,674

The contract for this unit was awarded to the General Electric Co.

Mr. Christian states that the Allis-Chalmers bid given above was an alternative bid submitted on the condition that specifications and the city's bid on the city's specifications was \$11,250. He further stated that the Allis-Chalmers eliminated from their proposal, the city's specifications for the test of efficiency, stating a clause giving the municipality the right to make machinery adjustments immediately preceding the test. The city's specifications granted the right to make such adjustments but required that they be made 30 days previous to the test and that the unit should be in actual operation 30 days before the test is made. He denies that the bid of bedplates on the machine, a point to which other bidders objected, in any way affects the efficiency or durability of the machine.

Regarding the Kerr company's bid, Mr. Christian said the machine offered was an assembled machine, that the product of three manufacturers was used in the construction and that he did not deem it wise to install such a machine because of the difficulty in securing promptly, extra parts for repairs, in case of accident.

Babcock & Wilcox was awarded the contract for a sterling boiler at their bid of \$7,992. Mr. Christian states that the board made this award because the type of boiler offered would produce more power at less expense. He said the grate surface under this boiler contained eight square feet more surface than other types offered.

Contract for the service condenser was awarded to the Henry R. Worthington company of New York, on its bid of \$4,850. The Allis-Chalmers bid was \$4,828 on the same machine built according to its own specifications. The C. H. Wheeler Mfg. Co. bid \$4,665. The area of condensing surface in the three machines offered were compared by Mr. Christian as follows: Allis-Chalmers 500 square feet; Wheeler Mfg. Co. 1026 and Worthington 1240.

The F. Bissel Company of Toledo was awarded the contract for line material, wire, etc., on its bid of \$2,410.60 and the contract for poles was awarded to the W. C. Sterling Sons Company for a carload at their price of \$112.

The bid of the Westinghouse company on the machinery was not tabulated with the others, though the figures were higher. It did not reach the service department until 2 p. m. Wednesday, though it was delivered to the safety director at police headquarters Wednesday morning.

"The machine bought," said one of the unsuccessful bidders this morning, "is a lightly constructed, cheap machine, brought out for competitive purposes only. It has no bed plate, has only three bearings as against its competitors four and the design and construction throughout is inferior to that of machines which the firm offers to private corporations."

All the bidders agreed that the specifications drawn up by the city were the finest set of specifications upon which they ever submitted proposals. The specifications were drawn by Taylor Kussmaul, chief clerk in the service department.

400,000 RAILROAD
(Continued from Page 1.)
"in conflict" with the following principle:

"No double compensation for the same time or service."

"The same classifications for the purpose of compensation to be applied to all members of a train and engine crew."

"Two or more differently paid classes of service performed in the same day or trip to be paid proportionate rates, according to the class of service with not less than a minimum day for the combined service."

The reply explains that these are not "counter proposals," but that "in such a fundamental reconstruction of the wage basis as is proposed by the employees, the railroad insists they have a right to demand a frank discussion as to the rules and regulations interwoven in the present wage structure."

SIGNALS FAILED

A STOWAWAY HELD UP SHIP; IS ARRESTED
(Associated Press Telegram)
Lewes, Del., March 30.—Ernest Schuler, a German, held up the captain of the British Steamer Matoppos, shortly after the vessel passed Sandy Hook last night, bound from New York for Valadivostok with a cargo of munitions and war material. Schuler who was a stowaway put the wireless out of operation, locked the captain in his room all night, and searched his papers and the ship's safe. The man is under arrest here, having been landed this afternoon.

There is a church in Boston, Mass., on which one set of shingles is said to have done service for more than 100 years.

NEW TREATMENT FOR SWOLLEN VEINS

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength) at any pharmacist and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil: it is used in hospital practice and a small bottle will last a long time, because it is very concentrated. Apply right in morning with the soft brush as directed until the swelling is reduced to normal.

It is so marvellously powerful that swollen glands, and even goitre disappear when used steadily.

Evans' Drug Store can always supply you.

Why You Should Bathe Internally
Under our present mode of living Nature, unassisted, cannot dispose of all the waste. This waste sends its poisons into the system, through the blood circulation, and brings on countless ills.

That's the reason a physician's first step in illness is to give a laxative.

Physicians generally, in order to stop this accumulation of waste, are now advising the use of "J. B. L. Cascade." Nature's cure for Constipation, which rides the lower intestine of all waste and keeps it healthy without drugging.

It is now being shown by the Hudson Avenue Pharmacy, R. L. Williams, Prop., 222 Hudson Ave., cor. Oak St., Newark, Ohio.

"The machine bought," said one of the unsuccessful bidders this morning, "is a lightly constructed, cheap machine, brought out for competitive purposes only. It has no bed plate, has only three bearings as against its competitors four and the design and construction throughout is inferior to that of machines which the firm offers to private corporations."

All the bidders agreed that the specifications drawn up by the city were the finest set of specifications upon which they ever submitted proposals. The specifications were drawn by Taylor Kussmaul, chief clerk in the service department.

"Two or more differently paid classes of service performed in the same day or trip to be paid proportionate rates, according to the class of service with not less than a minimum day for the combined service."

The reply explains that these are not "counter proposals," but that "in such a fundamental reconstruction of the wage basis as is proposed by the employees, the railroad insists they have a right to demand a frank discussion as to the rules and regulations interwoven in the present wage structure."

signal lever into the clear, and this time it must have worked, for the train started ahead. Then the crash came. I didn't have time to stop the Twentieth Century before it too crashed into the wreck."

The interstate commerce commission representatives after conferring with railroad officials and others announced that they would go to Amherst at noon today to make a first hand investigation into the wreck. A special train had been put at the service of the federal and state investigators. Coroner Garver of Loraine county was to meet the party of officials upon their arrival at Elyria and it was understood the coroner's inquest would be delayed temporarily at least pending initial steps by the state and federal authorities.

New York Central officials also were to accompany the party to Amherst. The name of John Hearn, Gallipolis, O., was today stricken from the list of dead. Hearn's father telegraphed saying his son was not on any of the wrecked trains, but is in Mount Clemens, Mich.

"CON" SULLIVAN KILLED AT THE DUPONT PLANT

BROTHER STOOD WITHIN TEN FEET AND WITNESSED A FUL ACCIDENT

Victim Formerly Resided in Newark and Was Very Popular With Those Who Knew Him.

Cornelius Sullivan, brother of John P. Sullivan of Hudson avenue, was killed in an explosion at the Dupont powder plant at Pembroke, N. J., yesterday. The accident was witnessed by his brother Mr. John P. Sullivan of this city, who was within 10 feet of his brother when he met his death. Mr. John Sullivan was also employed at the powder plant and in a telegram to his wife stated that his brother's death was instantaneous, and was caused by an explosion at the station where he was working. He also said that he would send full particulars by mail.

Mr. Sullivan, "Con" as he was familiarly called by his friends, was about 14 years of age and formerly resided in this city, being a member of the firm of Sullivan & Bolton, who conducted the Stock Exchange and restaurant about 12 years ago, occupied at the present by Jerry Baker. Mr. Sullivan was from this city to New Jersey, his native state, and accepted employment with the Dupont people. He is survived by his widow and a two year old daughter. The funeral will take place at Pembroke.

Mr. James Dwyer of this city and a brother of Probation Officer John Dwyer of the juvenile court, is also employed at the Pembroke plant. He took a day off recently from his work and the substitute who took his place was killed in an explosion. It is possible that Mr. Dwyer also was present when Mr. Sullivan was killed.

Mr. Sullivan was a very popular man in this city, and was well known to many of the people. He was a member of the firm of Sullivan & Bolton, who conducted the Stock Exchange and restaurant about 12 years ago, occupied at the present by Jerry Baker. Mr. Sullivan was from this city to New Jersey, his native state, and accepted employment with the Dupont people. He is survived by his widow and a two year old daughter. The funeral will take place at Pembroke.

Goodbye Corns!
Cure Guaranteed

Hall's Painless Corn Cure a Marvel.
At last, a corn cure that gets rid of corns! A remedy that is guaranteed to work in every case. It brings the corn right out, you don't have to dig it out. The only corn and bunion cure of its kind in the world is Hall's Painless Corn Cure. The first application stops the pain. Hall's Painless Corn Cure is not a mere corn plaster or a salve that makes your corns swell or that "draws" and puts wrinkles in your feet from the awful pain. Hall's Painless Corn Cure is made and sold in this city by Frank D. Hall. It will cost you 25 cents, and will last longer than several purchases of another corn treatment. If you are not satisfied you can get your money right back on request.

Sold and Guaranteed at

Hall's Drug Store
Open in the Evenings.

Chi-Namel Graining System
It is cheaper to make a new floor with the Chi-Namel Graining System at 2c per sq. ft. than to buy any other floor covering—and you'll like it better. We'll count it a privilege, rather than a trouble, to show you how, at our Chi-Namel counter.

Come to our store April 7 and 8 as our lady demonstrator will be here to show you how easy it is to beautify your floors and furniture.

Crowds Watch Wrestlers in Training Stunts; Interest in Kilonis Bout Is Growing

Judging from the large crowds of wrestling fans who are nightly watching the training work of John Kilonis, Greek light heavyweight champion, and Paul Bowser, middleweight champion, their match Friday night at the Auditorium will draw a large crowd. Kilonis, in the East End Athletic Club, has had a large circle of admirers several nights this week. His training period will close tonight. Bowser likewise will wind up his work for the match with tonight's program at the Music Hall training quarters. Women who have seen the other matches, are interested in the promise of "fireworks" at the event this week. Most women like excitement and those who have seen the other matches, are more or less fascinated by the promise of more excitement in the Kilonis-Bowser meeting.

WILL ATTEND SPORT EVENTS AT CINCINNATI

Joe Jeffries, the well known fruit and candy expert of the Georgetown store on West Park place, left this morning for Cincinnati where he expects to secure inside dope on the Cincinnati Reds and a number of future sporting events. He will also call on his old friend, Biz Mackey, formerly of Philadelphia, O., but now of Houston, Texas, who is visiting in the Queen City. Biz is out of a chestnut to box any 126 pound man in the world and the Newark man will back him up. Mr. Jeffries, who is on a business trip for his firm, will be the guest of friends at a six o'clock dinner at the Hill Top Athletic club and will witness the mile match skating contest for the championship of Ohio at the same place. He will also be at the Newark and Mayor of Cincinnati. The Newark man will need a number of his old time friends while in the Queen City and expects to return home tomorrow with correct information on the Alphonso, should the boxers sign articles.

BOWLING

Pastime Alleys.
There were two interesting standings of the ten high men in the Ten pin tournament yesterday. G. Fessler and H. Koon, who were placed with 126 and Koon's score was 126 and Fessler's was 126. The final week and though the scores are very high, they are still liable to be some changes. Following are the scores: Kennedy-Steele 256 276 286 296 306 316 326 336 346 356 366 376 386 396 406 416 426 436 446 456 466 476 486 496 506 516 526 536 546 556 566 576 586 596 606 616 626 636 646 656 666 676 686 696 706 716 726 736 746 756 766 776 786 796 806 816 826 836 846 856 866 876 886 896 906 916 926 936 946 956 966 976 986 996 1006 1016 1026 1036 1046 1056 1066 1076 1086 1096 1106 1116 1126 Your Grocer Knows its Food Value

Ask him just exactly what he thinks about "GOOD LUCK." He sells hundreds of packages and probably uses "GOOD LUCK" everyday on his own table. He, himself, has told many experienced housewives about it. He is helping them reduce table expenses. He is giving them the best the market affords.

JELKE GOOD LUCK MARGARINE
The Finest Spread for Bread

is pure and wholesome. Churned in richest cream and milk from the highest grade of materials, "GOOD LUCK" has a flavor and taste that appeals to and satisfies the most critical.

GET YOUR PACKAGE TO-DAY!

Churned by JOHN F. JELKE COMPANY, Chicago

Wholesale Distributor, F. Lisey, Newark, O.

Personal

Mrs. John D. Winters and Mrs. Joseph Gilmore were Columbus visitors today.

Mrs. D. L. Frush and daughter Avanel, of Detroit, Michigan, are making an extended visit with relatives and friends in Granville and Newark.

Dr. C. D. O'Hara is spending the day in Columbus.

Mrs. Ralph Hutchinson of Hudson avenue and Mrs. Raie of Zanesville are spending the day in Columbus.

Mrs. Walla Rait of Zanesville is the guest of Mr. and Mrs. W. H. Bader in West Locust street for a few days.

Miss Marjorie Lawhead, who is attending school in Chicago, is spending the spring vacation at her home in West Main street.

Mr. and Mrs. Boyd Westenberg of North Fourth street have returned from Columbus where they have been spending a few days with relatives and friends.

Dr. P. H. Cosner is visiting his son, William Cosner at Akron, for a few days.

Mrs. Frank Woolson and children left this morning for Akron for a ten days' visit with her parents.

Paul Aispach, the 12 year old son of Mr. and Mrs. H. C. Aispach, in Eleventh street, who has been suffering with pneumonia is greatly improved today.

MARY PICKFORD AND ELLA HALL HELP INJURED

Two stars of the movies, Mary Pickford, who always delights the Alhambra audiences and Ella Hall, who is a favorite at the Gem, were on board the Twentieth Century train returning from New York where they had attended the Moran-Willard boxing match last Saturday night, to their studios on the coast. When the wreck occurred near Amherst, O., yesterday morning resulting in 27 deaths and over 40 injuries the movie stars left their car and worked with the rescuers, giving first aid treatment to the injured, bandaging wounds and staunching the bleeding arms, heads and legs of the unfortunate passengers as men dragged them from the wreckage of No. 86, the ill-fated train.

Both of the stars were shaken up. Their car was thrown from the tracks.

Mary Pickford never fails to please her screen "audience" and Ella Hall is popular among patrons of the Mutual film service.

Gold mining companies in South Africa are experimenting with blasting by electricity with a view to minimizing the fine dust, which is regarded as the chief cause of miner's phthisis.

You never can tell. Many a fellow can catch on who doesn't know when to let go.

Safety First

Indigestion, constipation, biliousness and many ailments of the digestive organs are often the source of serious illness. At the first sign of disordered conditions take the reliable family remedy that is always dependable—

NEWARK COUPLE IN ELOPEMENT TO CINCINNATI

Harry Hagan, 24, and Mrs. Hazel Snelling, 24, eloped to Cincinnati Tuesday at midnight, where they were married. A card received by Mrs. Snelling's mother, Mrs. Clara Etnier, of 137 East Main street, today said they would be home soon.

Mrs. Snelling who was divorced from her husband, Norris Snelling in May, 1915, has been making her home with her mother. When she and Snelling separated in 1914, the custody of a four year old child, Harold Preston Snelling, was given to the grandmother, Mrs. Etnier, she claims.

Hagan, who formerly boarded at the Etnier home, has been rooming there for the past 11 weeks. He and Mrs. Snelling had been friends but Mrs. Etnier objected to the courtship and especially the late hours she says they kept. On Tuesday evening Mrs. Etnier attended the show at the Auditorium theatre and upon her return found both her daughter and Mr. Hagan up. She objected to the late hour and ostensibly the family retired. Wednesday morning she found a note saying: "We have gone to Cincinnati. You will know why." The note was signed by her daughter and Hagan.

Mrs. Hazel Snelling Hagan has expressed a desire to regain the custody of the child, but this will be opposed by Mrs. Etnier who refuses to give it up, claiming the probate court gave her its custody to be reared by her.

Society

Wagenheim-Jones.
Daffodils and other spring flowers were beautifully arranged at the home of Mr. and Mrs. Ellis Jones, east of the city, when the wedding of their daughter, Miss Ruth Flory Jones and Mr. Charles Wagenheim took place at high noon today.

The rooms were arranged with wicker baskets filled with daffodils and caught with yellow tulle. A background was formed of palms and the beautiful and impressive ring service of St. Paul's Evangelical Lutheran church was read by the pastor, Rev. George Bohon Schmidt. The bride couple were unattended and the bride wore her traveling suit of sand colored cloth with hat of the same shade. The bride bouquet was a corsage arrangement of pink sweet-peas.

A wedding dinner was served, the table being arranged with daffodils and smiles, and only the members of the immediate families were present.

Mr. and Mrs. Wagenheim left for an eastern trip, and on their return will be at home in North street. The bride is the daughter of Mr. and Mrs. Ellis Jones, and completed her education at Denison university. Mr. Wagenheim is a cement contractor in this city.

Bowers-Jayle.

The marriage of Miss Goldie May Lytle, daughter of Mr. and Mrs. C. L. Lytle, of 195 South Pine street, and Mr. Earl L. Bowers was solemnized on Wednesday afternoon at the First M. E. church.

They were attended by Mrs. Carrie Page and Mr. Melvin Jones. The ring service was read by the pastor of the church, Rev. L. C. Sparks.

Mr. and Mrs. Bowers left for a wedding trip and on their return will make their home in Newark. The bridegroom is employed as a telegraph operator at the Western Union.

A meeting of the Progressive Club was called at the home of Mrs. U. O. Stevens in Hudson avenue on Wednesday afternoon for the purpose of discussing plans for the annual president's day of the club. It was decided to hold president's day at the home of Mrs. U. O. Stevens on next Wednesday.

The Ladies' Missionary Society of the Fifth Street Baptist church will entertain in the parlors of the church on Friday afternoon from 2 to 5 o'clock, and the guests will be the women of the congregation, each one of which is entitled to bring a friend. A silver offering will be taken.

Mrs. Oscar Scheidler will be entertaining hostess to the members of the Trinity Sewing Society on Friday afternoon at her home, corner of Eighteenth and West Main streets.

Miss Evelyn Canfield of South Pine street is entertaining with a party at her home today in honor of Miss Frances Heiser of Coshocton.

Mrs. Luther Benner was hostess to the members of the Idle Hour club on Wednesday afternoon at her home in North Fifth street. The afternoon was spent in needle work and a contest, Mrs. Cordery and Mrs. White winning the club prizes and Mrs. Froese the guest prize.

A dainty luncheon was served by

Scratched 10 Years Healed In One Week

Finally Cured By Using One Dollar Bottle of Amolox

One bottle of Amolox cured me. For ten years I suffered with eczema of the scalp, my head being covered with scales and scabs. I tried everything recommended and everything advertised without relief until I bought a bottle of Amolox. It relieved the itching at once and one bottle entirely cured my eczema. I heartily and cheerfully recommend it to all sufferers of this horrible disease.

James W. Soward, Brazil, Indiana. Amolox ointment will quickly remove pimples on the face, blackheads, and clear up a muddy complexion. Trial size, 50c. Bad cases of eczema, psoriasis, salt rheum, tetter, lasting for years, require both Amolox solution and ointment to effect a cure. Recommended and guaranteed by T. J. Evans.

the hostess at the close of the afternoon. Mrs. Froese and Mrs. Scott of Indiana Harbor were guests of the club. The club will meet April 12 with Mrs. William Phillips in Hoover street.

Milady's Boudoir

Some medical facts concerning the use of cold and hot baths give this interesting information: The hot bath facilitates and stimulates the natural combustion processes of the body; the cold bath to produce the same results involves just four times the same amount of energy. The cold bath is not sufficiently cleansing for the health of the skin, and when there is a predisposition to skin troubles the chilly water tends to increase them.

The process, called hardening, which consists in submitting ones system to the shock of cold plunges, is thought, too, the worst thing in the world for any but the most vigorous constitutions.

It would be wrong to prescribe hot water baths, also, for all the world of women, for there are undoubtedly conditions when they would be harmful. But daily bathing in water of some temperature or other is required for looks and health, and if the heart is in good condition, the benefits of the hot tub are undeniable.

So the long dead beauties of ancient Greece and Rome kept themselves fair, and so the beauty of today builds up her looks when she finds they are beginning to wane with time of a fevered life.

Every weak woman, anxious for her looks, crowd the Turkish bath, boiling and steaming away complexions, hurrying rejuvenating muscles, lightening bodies of superfluous flesh, and soothing their nerves. And if they are used to such baths, or to some other preferred kind, they feel as fit as race horses for a week afterward.

FOR ITCHING ECZEMA, OLD SORES AND PILES

"I guarantee my ointment," says Peterson, "to cure eczema; to stop the itching at once and any reliable drugstore will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly with eczema. It did the work."

Then there is Alex. Loutell, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT quickly healed the sore quickly." And from over in Canada comes a letter from a blocky, sturdy fellow, who writes: "I ever hit for itching piles is PETERSON'S OINTMENT." A big box for 25 cents.

Our Boys and Girls

The right kind of shirt and band for the new baby are those containing one-third wool, or if the wools are severe, two-thirds wool. A mixture that contains some silk washes best.

If these little garments are washed out by mother every day in tepid water with a good white soap, and are then put upon a stretcher to dry, they should last very well and keep their shape perfectly, even without a portion of silk in their composition.

Always buy the second size for the new baby, with long sleeves and high neck. The bands have little straps over the shoulders, and being wool can be used without the shirts in very hot weather.

For Pleurisy, Bronchitis and Sore Throat

Readers are advised not to dose the stomach. The best way to quickly relieve soreness in the throat or chest is to rub on True Mustarine, which all druggists carry, and the original yellow box for about 25 cents.

It is quicker and more efficient than any liniment. Rub it on at night and almost instant relief comes. True Mustarine is made by T. J. Evans, Rochester, N. Y. It stops Rheumatic pains and Neuralgia almost like magic. There's instant relief in every rub. It stops pain and congestion. T. J. Evans guarantees it.

Everyday Etiquette

"I want to ask Mrs. Blank to my party, but as I have never called upon her, I don't know whether it would be proper," said Mrs. Young-married.

"You should make an effort to call before sending out your invitations," replied her sister.

SOARING PRICE OF GASOLINE IS CAUSING WORRY

Washington, March 30.—Agitation over the soaring price of gasoline came up in the senate today and ended in the adoption of a resolution by Senator Martin directing the attorney general to investigate whether rising prices are the result of an unlawful conspiracy.

DRESS UP AND CLEAN UP TOO, STASEL SAYS

PROMINENT ATTORNEY THINKS NEWARK SHOULD HAVE "CLEAN UP WEEK"

Was Speaker Wednesday Night at Real Opening of Week's Exercises—Band Concert.

The real opening of Dress Up Week, postponed from Monday evening on account of the rain took place last evening, the program being carried out as arranged by the committee with the exception that the address was delivered by Attorney A. A. Stasel instead of Attorney B. F. McDonald.

The streets were thronged early, big crowds being out in force to hear the music and address and to view the numerous display windows. The Buckeye band in full uniform made its appearance promptly at 7:30 o'clock and rendered several splendid selections.

With five minutes notice Attorney A. A. Stasel took the place of B. F. McDonald who was unable to appear and fill the speaking engagement.

Mr. Stasel being imbued with the spirit of the week, and a speaker who always interests, with whatever

HON. A. A. STASEL

message he has to deliver, was not at a disadvantage by being called upon for extemporaneous remarks, and held the big audience for about fifteen minutes. His remarks were along the line of civic cleanliness, as well as personal.

"Cleanliness is next to Godliness," he said, "and the first step toward redemption is a clean body. The first self respect a dirty little street urchin feels is after a bath. Now it is an easy transition from personal cleanliness to civic cleanliness. The clean man wants a clean city, and the object of 'dress-up week' will fail of their full purpose if it is not followed by a 'clean-up week.' The citizens of Newark should strive to make the very best impression this week. Let men and women wear their best clothes and look the best possible. It is right and proper that we should do this. It is a benefit physically, mentally and morally, just as it is to rest one day in the season."

"After such a week a desire will follow practically and logically to see the city cleaned up, and soon an effort will be born not only to make Newark the best city in which to live, but the cleanest, in fact the garden spot of Ohio."

These sentiments were greeted with applause, and found lodgment in the minds of many that may bear fruit in a united effort for 'clean-up week.' And right here let the Advocate suggest that the city clean the globes on the cluster lights around the park. They are filthy, and the true light, which costs the city not a cent, is unable to filter through.

After Mr. Stasel had concluded the band took up the line of march as previously announced in the published program and stopped at a number of places en route, playing several selections at each. The band boys were directed by Frank Bader, clarinet, and the music was the one big feature of the evening. It was greatly enjoyed by the hundreds of people in the downtown district.

Tonight is known as parade night and the decision of the judges on the best dressed man and woman will be made, but it will not be announced until tomorrow evening at 7:30 o'clock. All prize winners will be announced from the north steps of the court house.

THE AUTOMOBILE PARADE.
More than 30 bright new automobiles of a dozen makes lined up in the Dress-up week automobile parade yesterday afternoon. Every driver kept his hand on the "honker" and for nearly half an hour, there was plenty of enjoyment.

The machines lined up in North Fourth street and paraded east of West Main street to the public square, around the south side of the square and east on East Main street. Then they returned and paraded around the north side of the square.

Use it quick. For chronic nasal catarrh, dryness, sore nose, colds, sneezing, nose bleed, etc. Write for free sample. The first drop used will do good. Ask druggists.

Supl. Osborn and wife were called to Jersey on Saturday on account of the illness of his mother.

Mrs. D. M. Geiger was in Kirtsville, Wednesday.

PREVENT SORE THROAT

Sore throats are very dangerous and lead to serious diseases. They must be prevented. The minute your throat becomes dry and irritated get a bottle of hycolite antiseptic from your druggist. Instantly you discover that a refreshing hycolite gargle will remove all the germs and dust that cause raw sore throats.

It is superior to any germicide or antiseptic you have ever used. Is remarkably safe, very effective, and economical. It is used by hospitals and physicians because it destroys disease germs quickly. It is the dependable antiseptic that should be in every home, always ready for instant use.

General Laboratories, Madison, Wis.

Watch Child For Worms.
Worms sap child's strength, rob child of food and make child fretful, irritated, nervous. NEWSPAPER

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

DRAW A MOIST CLOTH THROUGH
HAIR AND DOUBLE ITS
BEAUTY AT ONCE.

SAVE YOUR HAIR! DANDRUFF
DISAPPEARS AND HAIR STOPS
COMING OUT.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties, cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Our Genuine Offer of

\$1 GLASSES

Good for four days only.

DAVID BARKER ENDORSES TANLAC

SAYS IT BENEFITTED HIM
GREATLY IN SEVERE CASE
OF GRIPPE AND RUN
DOWN CONDITION.

"I Needed an Upbuilding Tonic and
Found It in Tanlac."

Mr. David Barker, who resided at 54 South William street, has found great relief in Tanlac for his case, which was a severe cold and general run down condition. He says: "I suffered from a cold or la grippe and was in a general run down condition. I felt badly, appetite very poor and I felt that I needed an upbuilding tonic and having seen Tanlac recommended as such decided to try it with the most beneficial effects. It really has benefitted me a great deal and I recommend it to those affected as I was."

Tanlac also is excellent for stomach, liver and kidney troubles, catarrh, rheumatism, etc., and is the greatest of spring tonics—system purifier and nerve tonic. Tanlac is demonstrated at Hall's Drug Store, and is for sale at Pataskala by J. R. Strine, Utica by P. H. Richardson, Croton by J. W. Haines, Johnstown by C. S. Howard, Granville by W. P. Ullman and Hebron by the Hebron Drug Co.—Adv.

ENDEAVORERS TO GIVE PROGRAM AT PINE ST. CHURCH

The Christian Endeavor Society of the Pine Street church will render a musical and literary program Sunday evening, April 2nd, at 7:30 o'clock as follows:

Song—By Choir.
Prayer—Mr. Yantz.
Song—By Choir.
Recitation—Big and Little Things, by Mabel Henry.
Solo—The Sinner and the Song, by Marie Scott.
Reading—By Miss Osa Clark.
Duet—Why Cling to Earth, by Mrs. Scott and Mrs. Hollar.
Recitation—The Ladies Aid, by Marie Henry.
Piano Solo—Meditation, by Freeda Hendren.
Duet—By Marie Henry and Mabel Henry.

Recitation—By Hester Shoemaker.
Duet—A Little Bit of Love, by Esther Stinger and Freeda Hendren.
Reading—A House by the Road, by Mrs. Rosel.
The regular C. E. prayer meeting will be Friday evening, March 31 at 7:30 led by Miss Hester Shoemaker. The choir will meet also for to practice special Easter music. The Easter programs will be here, let all the Endeavorers be present. The public has a cordial invitation and welcome. Come.

The man who flatters himself that he understands women is pretty sure to have the conceit taken out of him sooner or later.

Resinol

certainly does heal
eczema

In our file of reports, covering a period of twenty years, literally thousands of physicians tell how successful the Resinol treatment is for eczema and similar skin troubles. The first use of Resinol Ointment and Resinol Soap usually stops the itching and burning, and they soon clear away all trace of the eruption. No other treatment for the skin now before the public can show such a record of professional approval.

Sold by all druggists.

GAS WELLS AT BUCKEYE LAKE TO BE NOVELTY

Visitors to Buckeye Lake park this coming summer will be surprised to see a number of gas wells in operation in the vicinity of the Shell Beach Hotel, across the lake from the dancing pavilion.

The Ohio-West Virginia Motor club, with headquarters at Buckeye Lake, has drilled in a gas well only a few hundred feet from the clubhouse which is good for 1,000,000 cubic feet of natural gas a day. The second well has been started and will be drilled in within a short time.

E. R. Defenbaugh, former state fire marshal, and an experienced oil man, has charge of the drilling. The gas was found at a depth of about 2300 feet or in the Trenton rock, which has lasting qualities. While no arrangements have been made for the sale of it, several companies are after the entire production. The location of the wells are directly across the lake from the Ohio electric station, and are in sight of the dancing pavilion. They are the biggest gassers which have been drilled at the lake, and opens up a new field which will probably be thoroughly tested during the coming summer.

NEW ADDITION TO CITY NORTH OF CEDAR HILL

Jesse E. Snelling, real estate dealer, has purchased a 31-acre tract of land on North Cedar street, from Miss Emma L. Blizard, and has announced that the tract will be sub-divided and offered to real estate investors this spring. Streets named Oakwood avenue (extended), Lexington, New Haven and Wellington avenue are provided for in the plat, sidewalks will be constructed and trees planted. The tract lies 500 feet north of the terminal of the street car line. Mr. Snelling expects to interest other East Newark people in a proposal to request the street car company to extend the Maple avenue line to East Newark and form a loop to better street car accommodations to residents north of Main street.

25 Years Ago

(From Advocate, March 30, 1891.)
The first of April makes quite a change in hotel circles. The Arlington House on Second street, formerly run by Ed Granger, has been secured by Mr. Charles Dean and is undergoing a complete overhauling and remodeling.
Mr. and Mrs. Conrad Nies entertained at their home in West Locust street last evening with an Easter party.

Mr. C. W. Kellenberger of the O. S. U. at Columbus, came home this morning to spend a few days' vacation.

15 YEARS AGO TODAY.

(From Advocate, March 30, 1901.)
Stewart, the little ten year old son of Dr. W. H. Sedgwick, the Newark dentist, is confined to his home with a severe attack of rheumatism.

Miss Lillian Latimer of North Third street, accompanied by her friend, Miss Haley, returned today from school at Washington, Pa. After a short visit Miss Haley will continue to her home at Gallopis, Ohio.

The World War a Year Ago Today—March 30.

The United States protested against the British order in council barring neutral trade with Germany; also sent to Great Britain and France a note protesting against certain features of the plan of the allies to cut off German trade and stating its expectation that reparation will be made for every violation of neutral rights.

Germany announced heavy losses inflicted upon the Russians at Krasnopol, where it was said 2,000 were killed and 3,500 taken prisoners.

France reported 700 German dead at Hartmannswillerkopf, where the fighting took place on the 27th.

ROTARIANS TO GO TO ZANESVILLE NEXT TUESDAY

Members of the Newark Rotary club will be guests of the Zanesville Rotary club in its next regular weekly meeting at 6 p. m. Tuesday, in the Elks club rooms. Secretary Caldwell Brown of the local club made the announcement yesterday. A large delegation from Newark is anticipated. The program for the joint meeting has not yet been formulated, but Secretary Brown stated business booming methods of the two clubs will be embodied in addresses. The main reason for the meeting will be to compare the relative value of the clubs and to secure new ideas.—Zanesville Times-Recorder.

ZANESVILLE MAN IS ELECTROCUTED

Zanesville, March 30.—John R. Horn, aged 47, a former resident of Zanesville, was electrocuted when he came in contact with a live wire in Paris, Ky., at noon Wednesday, where he was erecting a hoisting machine for the Brown Hoisting company of Cleveland.

Theatres

Tuesday Night's Show.

There was class to Tuesday night's audience at the Auditorium, and there was class to the company which presented the light opera, "The Lilac Domino," and this is a combination always devotedly to be wished by any manager. The production was fascinating from a musical standpoint, the voices in the cast being of excellent quality, while the chorus work, while not up to this standard, was very creditable.

The female voices were exceptionally good and there was little to choose as to the two leading ones, but a musician missed a mezzo or contralto for which quality voice the part of Leonie D'Andore was evidently cast. It was sung by Marie Hamilton, whose voice is preeminently a lyric soprano, as was the prima donna's Yvonne Dorie's.

The only contralto in the cast, Miss Andree Corday taking the part of Georgine's chaperone, did not have twenty measures to sing.

As to the orchestration it was exceedingly faulty. Two cornets, a trombone and traps on one side, overwhelm the two violins and a clarinet on the other, but the musical director at the piano discreetly kept as good equilibrium as was possible.

The musicians in the audience were well satisfied and those who enjoy comedy of the clean, wholesome sort, that does not depend for its humor upon coarse ribaldry, enjoyed an evening of refined amusement in the work of Joseph Carey and Robert O'Connor.

It is but justice to say that Manager Harry English is to be, and

INSTANT BUNION RELIEF

At Last A Bunion Remedy That Affords Immediate Relief And Effects A Positive Cure

Just ask for a package of "Bunion Comfort". Put one on and the pain will vanish like magic. If you have a bunion, no matter how large, how swollen, how painful and how distorted the joint may be, use just one "Bunion Comfort" and you will obtain instant relief. Buy a box today—try one or two plasters—and if you are not entirely satisfied, simply return the remainder and get all your money back. "Bunion Comfort" have cured over 72,000 men and women the past year—they can cure you—Why continue to suffer, when here is a guaranteed instant relief? Your money back if they fail.

The Arcade.

was honestly congratulated upon bringing this attraction to Newark, and it is believed that by future honest dealings with the patrons of the Auditorium, he will bring the standard of the theatre to where it belongs but from which it fell by managers who needed prices for inferior performances in order to enlarge their own profits at the expense of the public.

It seems to be the present manager's aim to honestly advertise his attractions and when he gets the best he can, he cannot afford to play it at popular prices, as it costs him in proportion to the merits of the performance billed.

Alhambra, Friday and Saturday.

After having created such a success in "The Cheat" and "Tennessee's Pardner," Fannie Ward, the distinguished American actress, will be seen at the Alhambra on Friday and Saturday in the Jesse L. Lasky production of "For the Defense," which was written especially for her by Hector Turnbull, author of "The Cheat."

The plot "For the Defense" has to do with the adventures of the little French girl who was sent to this country by the Sisters in France to escape the war zone. How she escapes from a number of a disreputable house in New York, who persuades her to go with him, and is the only witness to a murder, how she afterwards, unknowingly, meets the man who is falsely accused of the crime, and falls in love with him and how, by a clever trick, is able to get a confession from the real murderer and thus exonerate the man she loves from conviction, tends to make a picture dramatic in its theme, stirring in its action and unusual in its motive.

"Rebecca" at the Mazda Friday.

The intensely interesting play of "Rebecca," which will be shown Friday at the Mazda, tells of Isaac Zangwell, who, in a far-off land, reads glowing accounts of America, the melting pot of all nations, and desires to embark with his family to the "Land of Opportunity."

Colds Quickly Relieved.
Many people cough and cough— from the beginning of Fall right through to Spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery today. "It is certainly a great medicine and I keep a bottle of it continually on hand" writes W. C. Jesseman, Franconia, N. H. Money back if not satisfied.

COLD GONE! HEAD AND NOSE CLEAR

FIRST DOSE OF "PAPE'S COLD COMPOUND" RELIEVES ALL GRIPPE MISERY.

Don't stay stuffed-up!
 Quit blowing and snuffing! A
 dose of "Pape's Cold Compound"
 taken every two hours until three
 doses are taken will end grippe
 misery and break up a severe cold
 either in the head, chest, body or
 limbs.

It promptly opens clogged-up no-
 strils and air passages; stops nasty
 discharge or nose running; relieves
 sick headache, dullness, feverishness,
 sore throat, sneezing, soreness and
 stiffness.

"Pape's Cold Compound" is the
 quickest, surest relief known and
 costs only 25 cents at drug stores.
 It acts without assistance, tastes
 nice, and causes no inconvenience.
 Don't accept a substitute.

 at dinner Tuesday Rev. Akers and
 wife, Rev. Moorhouse, wife and

Most Attractive Are The Spring Wash Fabrics

Begin now to plan your spring and summer dresses. The new things are all here, and already there have been many to admire the dainty spring-like fabrics in plain colors and delicately printed effects.

You cannot view these handsome fabrics without receiving an inspiration for numerous pretty and stylish spring and summer frocks. There is nothing to be gained by waiting. In fact, now is the best time to make your selection, on account of many choice fabrics that are now in stock, being closed out.

Come In, the Showing is Large

You will want to see the new corduroys for skirts and suits, white and colors such as rose, open, pink, smoked gray are shown in cotton and velvet finish. The white Russian cords, honeycomb cloth, waffle cloth and other new fabrics for summer skirts.

The new wash silks for summer waists, wide awning stripes in colors, and large floral effects.

"The best looking thing I ever had? And, my dear, I believe it's never going to wear out!"

"Yes, I know. It's Indian Head— isn't it?"

INDIAN HEAD

Every woman knows that Indian Head is the lovely white wash-fabric that washes and wears wonderfully, and that takes the place of linen, except that it costs much less and it does not wrinkle easily. Here are reasons enough why you should at least try Indian Head. The quality is always the same.

Splendid for children's as well as women's wear.

May we show it to you?

These are only a few of the many attractive fabrics being shown for the spring and summer season.

Has "Dress-Up" Week Reached the Children?

In our displays of new things we have not overlooked the children. They will be proud to display their new spring garments this week, when the city is all dressed up.

A New Coat

Coats that will give the stylish air the little women want, will be found in our showing of black and white checks, covers, cloth coats in red, blue and black. Silk poplin coats in rose, blue and black.

Girls' New Wash Frocks

No mother will want to worry over the making of dresses when she sees the many dainty styles, all so well made, and for so little money. Spring styles in all their newness and freshness in white lawns, batistes, etc. Dainty colors in percales and gingham in plain colors, stripes and checks.

A New Middy Will Please The Girls

It's the ideal waist for school and sport wear, and the new spring styles are very nobby. All white, and white with colored collars and cuffs, with braid trimmings. All sizes from 6 to 14 years.

W.D.H. Mazyer Company

Graven In Granite

You are thinking about a marker or monument for your lot, now that spring is near.

In our stock, right here in Newark, you may see many different new monuments and markers—the monuments themselves—not pictures. Why not see them before placing an order. Come in tomorrow.

Barre, Vermont Granite a specialty.

The Store That Serves You Best—East Side Square

Granville

[Special to The Advocate]
Granville, Ohio, March 30.—The program presented by the Women's Music Club on the afternoon of Wednesday, March 29th, included Scandinavian composers of high rank and proved to be most delightful as rendered by Mrs. C. W. Chamberlain, Mrs. Brelford and Miss Hulshizer at the piano and Miss La Ferre as interpreter of the vocal numbers. Mrs. Marion Rose Johnson was unable to give the singing numbers on account of a severe cold, and her place on the program was supplied almost at the last moment by Prof. D. S. Whittlesey, who sang two numbers in contrasting style in a way to elicit a hearty recall. Mr. Whittlesey is a finished musician and his contribution to the program was that of a visiting artist. His technique is perfect, his insight true, and his voice a magnificent vehicle for the expression of artistic feeling—equally effective in parlor or auditorium. Instead of a Scandinavian composer he gave Jensen's "Lehn Deine Wang an Meine Wang," and for contrast, Ernest Newton's old English "Zummerzet Zhire," a severe test of artistry, which proved him more than equal to its demands. The piano duet by Mrs. Chamberlain and Mrs. Brelford deserves more than passing mention for the excellence of the performance, from both the technical and the interpretive viewpoints. Miss Hulshizer was, as always, in splendid form, and Miss La Ferre delighted the audience with three exquisite Greig songs. Mrs. R. S. Colwell was leader of the program and to Granville people of her generation she needs no introduction, as she always has been recognized as one of the leading musicians of the place. One of the most accomplished and popular singers, she appeared on most of the important programs given in Granville until she voluntarily abdicated, giving place to younger singers, though she retains her interest and her influence in all things musical. The hostesses who dispensed their charming hospitality in the dining room were: Mrs. Malcolm Stickney, Mrs. Carter, Mrs. Paul Bielefeldt. Guests of the afternoon were: Mrs. W. H. Kussmaul, Miss Gladys Spencer and Miss Katherine Critchfield of Mt. Vernon.

Below is the program as rendered:
Mrs. R. S. Colwell leader.
Current Events—Miss Blanche La Ferre.
Grieg—Piano duet, "Norwegian Dances," Mrs. C. W. Chamberlain and Mrs. Millard Brelford.
Grieg—Vocal solo, "Ich liebe dich," "Im Kahne," Le train des Amans, Miss La Ferre.
Sjogren—Piano solo, "Erotican," Miss Faye Hulshizer.
Jensen—Vocal solo, "Lehn deine wang an meine wang"; Newton—(Old English)—"Zummerzetshire," Mr. D. E. Whittlesey.
Enna—Piano solo, "Barcarolle"; Olsen—Piano solo, "Papillous," Miss Hulshizer.
Gade—Chorus, "Approach of

Today's Beauty Hint

It is not necessary to shampoo quite so frequently if your hair is properly cleansed each time by use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers may be prepared very cheaply by dissolving a teaspoonful of camphor, obtained from your druggist, in a cup of hot water. This rubbed into the scalp creates a thick lather, soothing and cooling in its action, as well as very beneficial to scalp and hair. After rinsing, the scalp is fresh and clean, while the hair dries quickly and evenly, developing a bright lustre and a soft fluffiness that makes it seem very heavy.

Spring." Mrs. Johnson, Mrs. Morrow, Mrs. Ullman, Mrs. Ogilvie, Mrs. Loveless, Mrs. Stickney, Mrs. Carter, Mrs. Bielefeldt.

Most of the fraternities entertained their fair friends last evening in magnificent style. Beta Theta Pi threw open the chapter for a dinner dance of unusually handsome appointments at which some twenty-seven couples were entertained at a seven course banquet. Parker's orchestra from Columbus furnished excellent music and following the dinner dancing engaged attention until the party broke up at 1 o'clock. Those present besides the active chapter were Prof. and Mrs. Walter Livingston, Mrs. J. D. Thompson, Miss Olive Hunt, Miss Weidemer and Miss Ada Roubush of Cincinnati; Miss Dew of Mansfield; Miss Margaret Edmonston of Newark; and Misses Harriet Sweland, Gertrude Gibbons, Laura Palmer, Ruth Eldridge, Katharine Wood, Sara Taylor, Vashli Jones, Margaret Heinrichs, Frances McGee, Madeleine Edgerly, Pauline Sperry, Luella Hawkins, Mary Stasel and Miss Miller of Shepardsdon college. Arthur Jones of Oberlin, accompanied by his house guest, Mr. Thompson, also of Oberlin, were among the out-of-town guests.

Sigma Chi fraternity entertained last evening at the chapter house in East Broadway with a dinner dance of thirty-six covers. The house was appropriately decorated for the occasion and to the strains of the Ohio State String Quartet of Columbus, joy reigned supreme. By agreement with the faculty, all the fraternity parties broke up promptly at one o'clock. Besides the hosts there were present: Mr. and Mrs. Lee Moore, of Granville; Miss Florence Ottman of Utica; Miss Helen Morrison, Columbus; Miss Ruth Geiger, of Defiance; Miss Lois Babbs, of Xenia; Miss Katharine Sedgwick, of Newark; Misses Louise Mack, Lucille Baumgartner, Genevieve Cathart, Ruth Lindorf, Alice Tift, Mary Walsh, Mary Sanford, Mary McDonald, Marjorie Hamilton, Kay Carracci and Evelyn Cathart, of Shepardsdon college.

Phi Delta Theta opened their house on Prospect Hill last evening in celebration of the anniversary of the installation of the chapter in Denison. A handsomely appointed dinner of forty covers was served in the dining room and the remainder of the evening was spent in dancing to music furnished by Mrs. Fields' orchestra from Newark. Guests present were: Prof. and Mrs. H. D. Fish, Prof. and Mrs. H. W. Emswiler, Prof. Goodell, Miss Lippincott of Newark; Miss Odebrecht of Columbus; Mrs. Stanley Sperry of Utica, and Misses Lois Wood, Margaret Ball, Ruby Barnes, Alice Tift, Alice May George, Ruth Wickenden, Esther Smythe, Florence Fishburn, Helen Longworth, Margaret Sedgwick, Virginia Trumper, Helen Evans, Ethel Collett, Imogene Christman, of Shepardsdon college.

Dr. R. S. Colwell left last night for a business trip to Washington, D. C. From there he will go to Providence, R. I., and will return to Granville next Tuesday in time for his class room work on Wednesday.

Miss Margaret Colwell is in Columbus, the guest of her sister, Miss Emily Colwell.

Mrs. W. P. Ullman returned yesterday from a visit with friends and relatives in Loudenville, O.

Mrs. Eugenia Pinley, head of the domestic science department in Shepardsdon college, left Wednesday for a visit with friends in Cleveland.

Mrs. R. J. Stout and little daughter Evangeline, of Houston, Texas, who have been visiting their aunts, Misses Mary and Lena Jones, for the past two weeks, left Monday for Lima, to visit relatives there.

Misses Mary and Lena Jones entertained Sunday with a dinner in honor of their niece, Mrs. R. J. Stout, of Houston, Texas. Relatives and a few friends were present.

The Betas had as honor guests at dinner on Tuesday, Mrs. Burns and Miss Dorothy Burns of Hamilton, N.

When the Stomach is Sick Try Mi-o-na

ENDS INDIGESTION OR STOMACH PAINS IN A FEW MINUTES. PLEASANT LITTLE TABLET GUARANTEED.

Good Appetite Follows Good Digestion. You Can Have Both and Eat What You Like.

Ab! What relief. No more sick, heavy feelings after eating. No more gas. No more stomach pains. No more indigestion.

No matter what ails your digestive tract or what under the sun you have tried without getting permanent relief, just take a handy little Mi-o-na tablet after each meal for a few days and feel how quickly it works to end your miseries. If you think this sounds too good to be true just try it today and see for yourself.

Mi-o-na succeeds because it works not only on the fermenting stomach contents, but on the stomach itself.

Mi-o-na Stomach Tablets are being distributed by T. J. Evans and hundreds of other good druggists throughout the country and are guaranteed to give complete satisfaction or money back. Get some this very day and see how your entire system responds to a healthy digestion.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

Dangers of Draft. Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuritic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.
